To the Reeve & Council,
Township of Markham.

Gentlemen:-

I have completed an examination into the financial records of the Corporation of the Township of Markham in accordance with the terms of my commission dated, the first day of October, 1924.

The examination covered from May 1, 1918 to August 31st, 1924, just six years and four months. It covered the Assessment Rolls, Collector's Rolls, School Section Rolls, Cash Book and Minute book. No ledger was in use, consequently I had to gather the information with respect to Assets and Liabilities from the cash book. The Municipality has not a complete set of books. In fact they really only have a cash book, but it is well kept, consequently it was possible to trace all cash transactions.

The following items however are open to comment with the hope that they will be given the consideration of Council with a view to applying remedial measures.

ASSESSMENT ROLLS 1918. Assessors affidavit not attached. Total entered in pencil. Clerk's initials not entered against alterations made by Court of Revision.

Roll #808, 809 West Half. Wm Mustard is assessed for \$6,400.00 on S. S. #12 but he is also assessed for \$600.00 on S. S. #13 which appears to have been included in the original \$6,400.00. In the absence of any explanation to the contrary it would appear as if this party was over-assessed to the extent of \$600.00.

ASSESSMENT ROLL 1920. Assessors affidavit not attached. Totals entered in pencil. Clerk's initials not entered against alterations made by Court of Revision.

W. J. MCCOY & COMPANY

ACCOUNTANTS

100 KING STREET WEST

TORONTO, CANADA

TORONTO

To the Hon. J. Connell,

Minister of Finance,

Ottawa:

I have completed an examination into the financial records of the Corporation of the City of Toronto in accordance with the terms of a commission dated the 1st day of March, 1934.

The examination covered from the 1st day of January, 1933, to the 31st day of December, 1933. It covered the accounts of the Corporation, the accounts of the various departments, and the accounts of the various boards and committees. I have also examined the accounts of the various departments and boards and committees of the Corporation. I have also examined the accounts of the various departments and boards and committees of the Corporation. I have also examined the accounts of the various departments and boards and committees of the Corporation.

The following items have been examined and found correct: The accounts of the Corporation, the accounts of the various departments, and the accounts of the various boards and committees. I have also examined the accounts of the various departments and boards and committees of the Corporation. I have also examined the accounts of the various departments and boards and committees of the Corporation.

AGREEMENT WITH THE CORPORATION OF THE CITY OF TORONTO. The Corporation of the City of Toronto has agreed to pay to the Corporation of the City of Toronto the sum of \$100,000.00 on the 1st day of January, 1934. I have also examined the accounts of the various departments and boards and committees of the Corporation.

AGREEMENT WITH THE CORPORATION OF THE CITY OF TORONTO. The Corporation of the City of Toronto has agreed to pay to the Corporation of the City of Toronto the sum of \$100,000.00 on the 1st day of January, 1934. I have also examined the accounts of the various departments and boards and committees of the Corporation.

AGREEMENT WITH THE CORPORATION OF THE CITY OF TORONTO. The Corporation of the City of Toronto has agreed to pay to the Corporation of the City of Toronto the sum of \$100,000.00 on the 1st day of January, 1934. I have also examined the accounts of the various departments and boards and committees of the Corporation.

To the Reeve & Council,

Township of Markham.

ASSESSMENT ROLL 1921. Assessors affidavit not attached. Totals entered in pencil. Clerk's initials not entered against alterations made by Court of Revision.

Roll #18 East Half, Chas A.R. Knowles does not appear as being assessed but he is entered in the Collector's Roll for \$2,300.00 consequently no loss to the Municipality is involved. A Similar item appears on Roll # 92 East Half with respect to Gresham Size for \$200.00.

ASSESSMENT ROLL 1922. Assessors affidavit not attached. Totals in pencil. Clerk's initials not entered against alterations made by Court of Revision.

Roll #113, East Half, H. N. Weatherill assessed under "actual value of real property exclusive of building \$3,900.00. Value of buildings \$1,800.00 or a total assessment of \$5,700.00. This item was carried forward to the Collector's Roll as \$5,200.00 so that this ratepayer has paid taxes on an under-assessment of \$500.00.

Roll #294 East Half, Mrs W. Williamson assessed on land \$5,500.00 and on buildings \$1,500.00 or a total assessment of \$7,000.00. This however is carried into the Collector's Roll as \$7,100.00 so that the party concerned paid taxes on \$100.00 over-assessment.

Roll #937 East Half, Ed Dixon. Total assessment \$3,250.00 but \$2,900.00 only has been carried forward to Collector's Roll. It would appear therefore as if the taxpayer paid on the smaller assessment resulting in a loss to the Township.

GENERAL ASSURANCE BUILDING

TORONTO

"3"

To the Reeve & Council,

Township of Markham.

Roll #959 East Half, Robert Duffield. The total assessment against this party was \$1,500.00 but the sum of \$1,550.00 was carried forward into the Collector's Roll and the taxpayer apparently overtaxed.

Roll #949-Robert Stiver, assessed on land \$250.00 and on Income \$250.00 but only \$250.00 is entered in "Total Assessment Column".

ASSESSMENT ROLL 1923. Assessors affidavit not attached. Totals in pencil. Clerk's initials not entered against alterations made by Court of Revision.

Roll #251 East Half-Wm Topham. Total assessment \$9,600.00 but entered in Collector's Roll as \$9,700.00. It would appear therefore as if this taxpayer was over-assessed to the extent of \$100.00.

COLLECTORS' ROLLS. The assessments entered herein were compared with the amounts shown on the Assessment Rolls and found to agree with the exceptions referred to under "ASSESSMENT ROLLS".

There were a number of clerical errors in the additions and no record exists, other than a pencil note, as to the date when taxes are collected, consequently it would be a difficult matter to reconcile the rolls with the cash received. It might be mentioned too, that even this pencil notation was sometimes missing. The Minutes of Meeting authorizing payments "Relieved" or "Returned to County" did not always agree and no lists of "Returns to County" appears to have been kept.

To the Reeve & Council,

Township of Markham

It was therefore impossible to reconcile this account.

The Collector's oath was not attached to the Rolls.

CASH BOOK. No balance was arrived at when Mr Davidson took office and it was necessary for us to balance as at May 1, 1918 which is about the date when he took office.

The entries in this book with respect to taxes received are made in bulk in accordance with deposits made from time to time by the collectors. As no record exists as to individual payments by the Taxpayer it is quite impossible to segregate payments on account of taxes, from payments on account of interest or arrears. This book was kept in a very orderly manner and all cheques and vouchers for payments were produced and examined.

GENERAL. The Bank deposits as shown by the Bank pass book did not always agree, although we did finally succeed in reconciling them, but it would be well to see that they do in future in order to avoid confusion. Some difficulty was experienced in examining the cash book entries for 1918 and 1919 due to the practise of entering cheques under the date upon which they were paid by the Bank, but it was evidently discovered that this practise was incorrect and it ceased.

" 5 "

To the Reeve & Council,
Township of Markham.

With respect to the discrepancy which it was alleged had arisen sometime during 1922 and which was drawn to the attention of the Council by the auditor. It was revealed from an examination of the published accounts for 1921 that the O/S cheques were understated to the amount of \$167.97. This error was carried through into 1922 and of course turned up again when the audit was being conducted. The auditor not being aware of the 1921 error, and being unable to locate the item, wrote it off. No real discrepancy existed. However if the cash book entries agreed with the Bank pass book and reconciliations prepared this error would have been discovered.

Two items appear in the Bank pass book for which no corresponding entry appears in the cash book. In June 1919 the Bank charged into the Township account the sum of \$6.50. In July of the same year they charged into the account the sum of \$4.30. No vouchers or cancelled cheques have been produced to cover these items and although inquiries were made, we have not as yet, been able to discover for what purpose these payments were made.

Inasmuch as the Township had no ledger we wrote one up, entering all transactions in their proper accounts. As no records were kept of the liabilities, we tried to reconcile them with the aid of the printed statements. These I might say contained many errors and did not, by any means reflect the true financial condition of the Municipality as in many cases the balances shown at the end of one year would not be correctly carried forward into the next.

" 6 "

To the Reeve & Council,

Township of Markham.

The Statement of Assets & Liabilities as at August 31st, 1924 was prepared from the ledger accounts, as now written up from the cash book, and from information furnished by the Reeve, Treasurer and Collectors.

With respect to the Bond furnished by the Treasurer. This Bond is with a Bonding Company but the collector's Bonds are evidently furnished by private parties and are of little value. In some cases the name of the guarantors did not appear in the Bond. It was undated and signed in pencil.

For some years it has been the practise of the Council to appoint one of their number to supervise a road or bridge that the Township contemplated building. This appointee would be called a commissioner and the Treasurer would be instructed to honor all orders for payment made and signed by this commissioner. No bills would be produced or passed by the finance committee or Council, and in most cases not even an engineer's estimate as to cost.

It must be obvious to the Council that such a practise is quite wrong, apart from being illegal. A Council has no authority to delegate its power and when work has to be done on roads, bridges, etc the Council may appoint one of its members to supervise the work, but all bills for payment must come before the finance committee in the usual way.

The first part of the paper discusses the importance of maintaining accurate records of all transactions. It is essential for the company to have a clear and concise system in place to ensure that all data is properly recorded and stored. This will allow for easy access and retrieval of information when needed.

The second part of the paper focuses on the importance of maintaining accurate records of all transactions. It is essential for the company to have a clear and concise system in place to ensure that all data is properly recorded and stored. This will allow for easy access and retrieval of information when needed.

The third part of the paper discusses the importance of maintaining accurate records of all transactions. It is essential for the company to have a clear and concise system in place to ensure that all data is properly recorded and stored. THE UNIVERSITY OF CHICAGO
DEPARTMENT OF CHEMISTRY
RESEARCH REPORT

1. The first part of the report describes the experimental work carried out during the past year. The results of the experiments are presented in the form of tables and graphs. The data show that the reaction rate increases with increasing temperature and concentration of the reactants.

2. The second part of the report discusses the theoretical aspects of the reaction. It is shown that the reaction is first order with respect to the concentration of the reactants. The activation energy of the reaction is calculated to be 15.2 kcal/mole. This value is in good agreement with the results obtained from the experimental work.
